Iconic Inspiration (d6) {B.A., 60ft. Range} [3 / 3, Restore on LR]
-> When inspired creature fails a D20 test, they can roll their Inspiration dice and add it to the result.

Drain Energy. You know the Chill Touch cantrip, and Constitution is your spellcasting ability for it. You can cast the spell as a Bonus Action a number of times equal to your Proficiency Bonus, and you regain all expended uses when you finish a Long Rest.

The Pit Within. You don't gain Exhaustion levels from dehydration or malnutrition, but you must drain vital energy to survive. If you go a number of days equal to your Constitution modifier plus 1 [2 Days] without damaging a creature with your Chill Touch, you gain 1 Exhaustion level. Until you damage a creature with Chill Touch, you can't remove Exhaustion levels, and you continue to gain 1 Exhaustion level every 24 hours that pass. This trait can't cause your Exhaustion level to rise higher than 5. If you reduce a creature to 0 Hit Points using Chill Touch, you remove all Exhaustion levels gained from this trait.

Radiant Deflection. When you take Radiant damage, you can take a Reaction to gain Resistance to Radiant damage until the end of the turn. You can use this Reaction a number of times equal to your Proficiency Bonus, and you regain all expended uses when you finish a Long Rest.

Soothing Light. As a Magic action, you can magically infuse a source of Bright Light you are holding with peace and serenity. A number of creatures up to your Proficiency Bonus who spend 1 minute in the infused light gain Heroic Inspiration. If the light goes out or you drop the source, the effect is wasted. Once you use this benefit, you can't use it again until you finish a Short or Long Rest.
